GAME DEVELOPMENT SKILLS

Programming	Python, C#, Javascript, Java.
Game Design	GDD writing, prototypes creation (video games and board games).
Graphism	Concept art and painting. Tools: The GIMP (mainly), Photoshop, Krita, Blender (animation, rigging).
Engines	Unity3D GameMaker, Godot, Construct2.
Web	HTML5, CSS3, ThreeJS, WebGL.
Testing	Tester for freelance modding teams (tools and processes: Tortoise SVN, bugs following). Volunteering.

PROJECT MANAGEMENT SKILLS

Video Games	Group projects management (courses, game jams).
University	Laboratory phases management for several experiences, field reports writing, gathering and synthesis of reports, oral presentations.
ASBL/ONG	Management of the « Ecology » group for the citizen organization « <i>Sauver la Plaine</i> »: group formation, text and tours supervision. Volunteering.

OTHER SKILLS

Personal	Writing (French and English, scenarios, stories), excellent spelling. Excellent organization, good synthesis and teaching approach.
English	C1(+) Level (Proficient User) (European Standards).
Dutch	Basis. Dutch courses recently taken at CLL Languages Center, still in training.
Computers/Informatics	Word, Excel, PowerPoint, Internet search, numerous programs and graphic tools (Gimp for example). Good understanding of numerous programs, quick learning and adaptation.

HOBBIES

Sports	Intense competitive swimming (10 years). Entered the Belgian Championships several years in a row, as well as an international meeting. Now: swimming (leisure), biking, diving, fitness.
Hobbies	Reading (novels, artistic and historical books), traditional and digital drawing, traditional and digital painting. And gaming! I love RPGs and stories where your choices matter (Bioware games, The Witcher,...).
Volunteering	- Translator (English to French) for the Jane Goodall Institute Belgium. - Participated to meetings & presentations for the cohabitation between animals, environment and humans (with the Jane Goodall Institute).
